## NOTES ON FINANCIAL STATEMENTS

### **1. Background**

MOVEON LEISURE AND TRAVELS (INDIA) PVT LTD, was incorporated on 24/03/2008. The company is primarily engaged in the business of Tour Operations.

### **2. Significant Accounting Policies**

The significant Accounting Policies are followed by the company.

#### *General*

The financial statements are prepared under historical cost convention. These statements have been prepared in accordance with applicable mandatory Accounting Standards and relevant presentational requirements of The Companies Act, 2013.

#### *Use of Estimates*

The preparation of financial statements in conformity with the Indian Generally Accepted Accounting Principal (GAAP) requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities on the date of the financial statements and reported amount of income and expenses during the period. Actual figures may differ from these estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

#### *Property, Plant and Equipment*

Property, Plant and Equipment are stated at historical cost less accumulated depreciation. Costs directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use, as intended by the management.

Subsequent expenditures relating to property, plant and equipment are capitalised only when it is probable that future economic benefits associated with them will flow to the Company and the cost of the expenditure can be measured reliably. Repairs and Maintenance costs are recognised in the Statement of Profit and Loss when they are incurred.

### *Depreciation*

Depreciation on property, plant and equipment has been provided under WDV Method over the useful life of the assets estimated by the management which is in line with the terms prescribed in Schedule II to The Companies Act, 2013. Depreciation for assets purchased/sold during the period is proportionately charged. Depreciation methods, useful lives & residual values are reviewed periodically.

### *Revenue Recognition*

Revenue is recognized to the extent that it is possible that the economic benefit will flow to the Company and the revenue can be readily measured. Company follows accrual method of accounting for its income and expenditure.

### *Taxes on income*

MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Minimum Alternative Tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

### *Provisions, Contingent Liabilities and Contingent Assets*

The company creates a provision when there is a present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. A disclosure for a contingent liability is made when there is a possible obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is zero, no provision or disclosure is made. Contingent assets are neither recognised nor disclosed in the financial statements.
