Dear Friend,

Congratulations on being the Accredited Tour Operator of Government of Kerala!!!!

Please find enclosed the hard copy of the certificate. The delay occurred in sending the hard copy was due to certain technical reasons. However I appreciate your commitment to ensure quality by associating with Kerala Tourism in the accreditation process.

We have already initiated steps to give priority to the Accredited Tour Operators (ATOs) in all our promotional activities. As part of this, we will be giving priority to ATOs in the message board of our website. We are working on this and it will be implemented soon. We will also be giving priority to ATOs in all the national as well as international fairs/workshops where we are participating.

I would request you to write to all your partner tour operators to join hands with Kerala Tourism to ensure quality in the field of tour operation and to make this initiative a grand success.

Looking forward to associating with you.

To,
