- h) **Foreign Currency Transaction:**
Transactions in foreign currency are accounted at the exchange rate prevailing on the date of transactions. Monetary assets and liabilities denominated in foreign currency are transacted at the exchange rate prevailing on the last date of the accounting year and the resultant exchange difference, if any, are recognized in the Statement of Profit and Loss.
- i) **Provisions, Contingent Liabilities and Contingent Assets:**
Provisions are recognized when the company has a present obligation as a result of past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to its present value and are determined based on management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the correct management estimates. Contingent Liabilities are disclosed when the company has a possible obligation or a present obligation and it is probable that a cash flow will not be required to settle the obligation. Contingent Assets are neither recognized nor disclosed in the accounts.
- j) **Tax on Income:**
Income tax is accounted in accordance with Accounting Standard on Accounting for Taxes on Income (AS-22), which includes current taxes and deferred taxes. Provision for current tax is made based on the tax payable under the Income Tax Act, 1961. Deferred tax on account of timing difference between taxable and accounting income is accounted using the tax rate and tax law enacted or substantively enacted by the balance sheet date. Deferred tax assets in respect of unabsorbed depreciation or carried forward losses are recognized to the extent there is reasonable certainty of realization of such assets. Other deferred tax assets are recognised to the extent there is a reasonable certainty of their realization. However, deferred tax asset in respect of preliminary expenses incurred are not recognized as there is no virtual certainty regarding the benefit to be recovered from it.
- k) **Previous Year Figures:**
Previous year's figures have been regrouped and or recast wherever necessary, to be in conformity with current year's layout.
- l) **Earning per Share:**
In accordance with Accounting Standard (AS-20), 'Earnings per Share' issued by Institute of Chartered Accountants of India, basic and diluted earnings per share are computed using the weighted average number of equity shares outstanding during the period.
- m) **Leases:**
Leases, where the lessor has effectively retains substantially all the risks and rewards of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.
- n) **Impairment of Assets:**
The company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. An asset is identified as impaired, when the carrying value of the asset exceeds its recoverable value. Based on such assessment, impairment loss if any is recognized in the Statement of Profit and Loss of the period in which the asset is identified as impaired. The impairment loss recognized in the prior accounting periods are reversed if there has been a change in the estimate of recoverable amount. There is no impairment of asset during the financial year.
- o) **Use of Estimates:**
The preparation of the final statement in conformity with GAAP requires Management to make estimates and assumption that affect the reported balances of assets and liabilities and disclosures relating contingent asset and liabilities as at the date of the financial statement and reported accounts of income and expenses during the period. Examples of such estimates include provisions for doubtful debts, future obligations under employee retirement benefit plans, income taxes and the useful lives of fixed assets and intangible assets.
