

HISTORY OF PLACES OF IMPORTANCE

The mobile app can provide a detailed history of the important religious centres of Kerala.

This will help the tourist to know about the religious centres and monuments located in each district in detail before they visit them. This will enable the tourists to gain a thorough knowledge on the history of the places of importance like why and how the place or monument or religious centre came into existence or by whom was it built. They need not depend on a guide or the local people to explain the history of the places. It will also make them understand the culture of Kerala during early days which will inturn enhance the glory of God's own country. Kerala tourism can be proud in making contributions to spread the glory of Kerala so that it will attract many tourists from far and wide. This will be an educative app for not only the tourists but also for those who do archeological surveys. Kerala tourism through this app will be playing a role in contributing to the education of students who do researches on our state.
