

# Navigation with Entertainment

---

an application that navigate user who visit Kerala and also show Kerala entertainment like Kerala cultural art form videos such as kadhakali, mohiniyattam etc. and it include mp3 song such as nadan pattu etc.

This app has an entertainer and also a navigator. Set background music and search and play videos .it include only music and videos related to Kerala culture. It also includes images. Include images on popular tourist places in Kerala. The main advantage is it shows Kerala culture and beauty.

Anyone have this app enjoy Kerala entertainment and go anywhere in Kerala with a detail navigator. it include an advanced navigator including place short note that means just click any place in the navigator it show a small description it help to a quick knowledge about that place.

It also includes an option e-guide that shows all famous places in Kerala with images and includes a description on that place. It's a user friendly mobile app. anyone can easily handle. This include more options such as events,planner etc.

It's an all in one Kerala tourism app promote Kerala tourism and Kerala culture.
