

## KERALA- God's Own Country

-The logo. The app has various icons-

- **KERALA TOURISM** : Gives a small description about the Kerala state and Dept of Tourism.It also tells about new developments brought in by Kerala govt in tourism sector.
  
- **TOURIST DESTINATIONS** : It shows all the 14 districts of Kerala.When a district is clicked say Wayanad, then it displays the tourist map of Wayanad. Various tourist spots will be labelled in the map.When you navigate over these spots then a pop-up will appear - 'Show driving directions'.Below the map, there are options - **Where to stay, Travels, What to eat, Climatic conditions, Festivals and Occassions**. 'Where to stay' gives a list of important hotels and restaurants. By this you can book the room of your choice in advance.'Travels' gives a list of DTPC buses and their schedule. So tourists can book their seats.'What to eat' gives a list of delicious food items which a tourist shouldn't miss when he arrives in the district. 'Climatic conditions' tells current climate of the region and what type of clothes to wear. 'Festivals and Occassions' tells current festivals,fairs,theatre performances,art exhibitions etc going on in the region which a tourist should not miss.
  
- **CURRENCY CONVERTER** : By this, a foreign traveller visiting the state can convert his currency directly into Indian rupees without going to bank while travelling itself.
  
- **LANGUAGE CONVERTER** : By this, travellers could understand Malayalam words.It has options- **Other languages to Malayalam and Malayalam to other languages**.
  
- **ENABLE AUDIO GUIDE** : This traces your location via GPS and tells about the tourist spot.You can smartly use headphones to hear this. So you don't need any tourist guide or guide book,rather your handset will help you.
  
- **TOURIST'S DIARY** : By this, you can log your entire trip experience.
