

An app which portrays the unique experience from Kerala. The app is so specific that it just covers things which is only available and seen in Kerala. For a curious tourist this provides interesting aspects about Kerala culture and an experience they must enjoy while they visit the state.

App will have a list of different category of information which a user could access based on their interest. The categories will be:

Art forms - Kathakali, Koodiyattom, Theyyam , Thullal, etc.

Kerala Dishes - Kerala Sadya, Items like Puttu, Appam which is fully Kerala. Details of such dishes with pictures and nearest places where this can be enjoyed

Fruits & Vegetables - Jack Fruit, Variety of Bananas, Mangos which usually a westerner can never find in their country

Crafts - Things like Aranmula Kannadi, and Very Kerala hand made stuff, things like Kindi, Thambalam, Nootu Kudam which is only found in Kerala

Temples / Palaces - which is worth visiting

The above is only a partial list and there would be many such things which a Tourist can find only in Kerala.

App would provide location based information so that an interested tourist can locate these items in the nearest locations.
