Stranded in Kerala since the national lockdown came into effect on March 23, 164 tourists from Europe left for Zurich on Saturday night from the Cochin Airport by a flight operated by Swiss Air.

This is the fourth flight to take tourists from Kerala to Europe after international flights were called off on March 23. There were 115 Swiss citizens in the flight, which also carried tourists from Germany, Austria, Norway, Denmark and France. Most were tourists to Kerala, while others were brought from neighbouring States.
