Dated 11.06.2018

Health Advisory to persons travelling to Kerala

Consequent to cases of infection of Nipah virus being detected in Kerala, we had issued Health Advisories on 22<sup>nd</sup> and 25<sup>th</sup> May 2018 for persons travelling to Kerala. No new cases of infection has been reported in Kerala for the last 21 days. Since this is more than the longest recorded incubation period of the virus, we consider the Nipah outbreak to be over in Kerala.

Therefore, our Health Advisories regarding the travelling to Kerala stands withdrawn. It is now safe to travel to any part of Kerala.

  
Rajeev Sadanandan
